Subject: ***CLAIRE DANES BRINGS DEATH TO 'LIFE'***

Monday, May 15, 1995
San Francisco, California

TO: All
FROM: Steve Joyner, Director, Operation Life Support

Regrettably, I must inform you that as of this morning ABC has canceled "My So-Called Life."

After the shock, most of you will ask, "Why?" Fortunately, I can provide you an answer. For some months now, Claire Danes, her family, and her agent, Michael Lazo (Writer's and Artist's Agency, [PHONE NUMBER REDACTED]) have worked long and hard to convince ABC that Claire has no interest in returning to "My So-Called Life" and thus gave ABC a trump card to cancel the series. Whether the show would have been canceled anyway, one can only speculate. Ultimately, however, the fact remains that Claire Danes (and her agent) brought death to life.

I know that many of you are in disbelief, perhaps shock, but what I am telling you is the absolute truth.

Having said that, I want you all to know that our fight has NOT been in vain, that we ARE appreciated by the cast and producers, that we have kicked ass and made our voice heard. YOU HAVE BEEN AN INSPIRATION UNTO YOURSELVES.

OLS will continue through mid-June. We still have orders to fill, bills to pay, and a book to publish--so we still need your support.

In light of the decision to cancel "My So-Called Life," the MSCL video compilation is being offered indefinitely. For more information, write to <[EMAIL ADDRESS REDACTED]>

And don't forget to get your copy of "Fighting for Life," with a newly added chapter on how Claire Danes brought "death" to "My So-Called Life."
